Please join the Stop the Bleed Texas Coalition is providing quality education on bleeding control. We are trying to train the most persons during May and especially May 19<sup>th</sup>. Most this newsletter will be about activities for Stop the Bleed Month.*

All of the following activities were developed by the Strategic Planning Workgroup and approved by the Stop the Bleed Texas Coalition. We are excited about **Stop the Bleed Month 2022!**

We would like to have as many proclamations done across the State as possible. TETAF has done us another great favor....**Governor Greg Abbott has proclaimed May as Stop the Bleed Month in Texas.** Thanks to TETAF for their continuing support of the Coalition and our activities.

Thanks to Costal Bend RAC for sharing a template for a [county proclamation](#). If you are not quite sure how to start the process, we have developed a quick [How to Get a Proclamation Accomplished](#).

Please remember to take pictures at all your Stop the Bleed Month activities so we can share on our social media and website. We want to get the word out!!!!

For all Stop the Bleed training taking place from May 1<sup>st</sup> to May 31<sup>st</sup> the Coalition would like everyone to use the same evaluations. The Coalition has developed one for participants and instructors. Below is the QR Codes to those evaluations for your review. All data received will be shared with the Coalition as well as the individual RACs.

Lastly, RACs, please keep track of activities in your Region so that we have an update from every Region for our May 2022 Newsletter that we review the activities for **May 2022 Stop the Bleed Month.**
